

## Membership Benefits

### Legislative and advocacy programs that protect your business and your bank account

We monitor state and national policy issues that affect RV parks and campgrounds, and advocate for **Lower Taxes and Fees, and fair and unified Government representation.** This alone is enough reason to support your association. The Alabama Association protects your business interests against unfair government competition, unfair taxation and burdensome regulations. We have recently passed Alabama legislation that decreased the period you need to collect and pay sales tax from 6 months to 3 months for your RV sites, and made it easier for you to eject guests by passing legislation requiring it to be the “duty” of law enforcement officers to assist you in removing an unwanted guests, regardless of their length of stay. There is power in numbers and we make sure your voice is heard.

### Opportunities for professional development, staff training and networking
